datenschutz@atb-potsdam.de

Which personal data are processed?

The disclosure of personal data in the context of job applications is unavoidable. We process data from your application only as far as this is necessary for the job application process.

The categories of personal data processed include in particular

- Base data (e.g. name, date of birth, nationality, residence)
- Documents (e.g. curriculum vitae, photograph (if attached), references, certificates)
- Education history (e.g. data on higher and school education, vocational qualifications)
- Information on severe disability (voluntary information)
- Communication data (e.g. e-mail, (mobile) phone, home address)
- Log data, which result from the use of IT systems (information about the application e.g. receipt of application)

Purpose of the data processing

The data processing takes place during the job application process for the purpose of initiate and establish an employment relationship with ATB.

Legal basis for data processing

The legal basis for the data processing is Article 6 para. 1(b) of the GDPR ("in order to take steps at the request of the data subject (in this case applicant) prior to entering into a contract").

The processing of special categories of personal data under Article 9 paragraph 1 GDPR (health data) is based on Article 9 paragraph 2 b) GDPR (necessary for the purposes of carrying out the obligations and exercising specific rights in the field of employment and social security and social protection law). In addition, the processing of health data may be necessary for the assessment of your ability to work in accordance with Article 9 paragraph 2 h) GDPR.

The application process

At the ATB are job applications strictly made online. You enter your data into our job application management system on your personal end device. The data transfer of your online application is encrypted or SSL-encrypted.

Recipients of your personal data

Only the employees which are responsible for the application process in the Human Resources Department have access to your data at ATB. If required, the data will be made available to the managers and the employees of the responsible department as well as to the works council, the commission for equal opportunities and the representatives of disabled persons, who will have access to your data. Access is only possible in the P&I LOGA applicant management system. It is not allowed to copy and pass on the data or use the data for any other purposes than those mentioned above.

Contractors and service providers (data processors)

Within the framework of job application management, we work together with a service provider who processes your data on our order, files and stores them on the servers of the software developers P&I AG his own servers in accordance with the valid data protection regulations.

We have carefully selected the service provider and reached an agreement with him for contractual data processing in accordance with GDPR. The service provider is obliged to maintain confidentiality and to comply with the legal requirements.
